Earnings Unpredictable? Nervous About Marketing Decisions? Uncertain How to Trigger Customer Revisits? Unsure How to Optimise Earnings from Each Customer - and Why They will Love You for It?

It's Time to RESET Your Marketing Strategy and Unlock a Lifetime of Increasing Earnings

Marketing decisions dictate whether a business thrives or just survives. Attracting new customers, enticing existing ones back and optimising earnings from each customer is a tough gig for millions of small businesses who are missing out on multiple earnings opportunities.

That's why we developed **The Complete Small Business Marketing Kit™**

The Complete Small Business Marketing Kit™ is an All-In-One app-based marketing system. It combines the popularity of smartphone use; with users love of mobile apps and the insatiable hunger customers have for earning points and qualifying for rewards on their purchases.

Using the tactics and secrets of loyalty marketing we motivate up to 1.3m customers a month to revisit the businesses of our clients. This done-for-you system seeks to optimise earnings by...

- Bringing back up to 80% of customers for repeat purchases
- Increasing the average revisit spend by up to 67%
- Cultivating a stream of new referral customers
- Protecting your best customers from competitors
- Appealing to new customers seeking loyalty memberships
- Its suitable for short term and long term members.

How Does the Marketing App Work?

- Its works with any mobile devices.
- Customers download a fully branded free app.
- Customers sign up using their phone number or email address.
- Members instantly start earning points or stamps on their spending.
- They redeem them for benefits and rewards.
- The system collects important profiling information for preference selling.

Configuration tools are used to create and manage interactive coupons, incentives, QR codes and vouchers to motivate buying decisions. Push notifications care used to respond to questions, promote VIP opportunities, boost limited time offers, collect customer feedback and much more.

All system updates and security matters are managed by our team. We track, collect and analyse the performance of your app and provide regular reports to you. We use real time tracking to optimise performance of our clients' apps and optimisation maximise sales.

Why Do Returning Customers Matter?

- Factually, they are more profitable.
- Statistically they spend more – up to 67% more per visit.
- Returning customers refer 50 % more people.
- Small businesses make sales to between 5% and 20% of new customers, and on average that jumps to 60% to 70% for returning customers.

What Makes This Marketing Solution So Popular?
